JUNE 24 - JUNE 27 ANIME (9 yrs & older)

Anime continues to be one the hottest subjects for our young artists! The styles are varied and unique, yet contain similar design features such as eyes, hair, and applications of color. You will learn about these techniques and more.

JULY 8 - JULY 11 RAINING CATS & DOGS

Colorful and cuddly, wide-eyed and furry, come learn to draw and color more of your favorite cats and dogs. Use different media: oil pastel, marker, watercolor, and pastel to draw fuzzy fur and spots and tails.

JULY 15 - JULY 18 FLUTTER & FLY

If it has wings and flies, we will be drawing and coloring it in this airborne camp! You will create art inspired by anything that flies - birds, butterflies, flies, bugs and some special surprises!

JUNE 21 DEEP BLUE SEA

The oceans are home to some of the most unusual and unique creatures on our planet. In this camp we will draw them along with colorful sea plants and coral that surround them where they live.

JUNE 28 KAWAII

KAWAII is an Asian phenomenon. Its meaning is "cute-ness". Hello Kitty was created as one of the first iconic characters in this style. We will explore other "cute" character styles, sure to bring a smile as you learn to draw what makes them so cute.

JULY 12 DRAGONS

Dragons have inspired books, movies, and even video games! You will draw a few of these fantastical creatures using your imagination to create scales and tails and wings and spikes. Maybe your dragon will even capture your heart!

JULY 19 SWEET TREATS

We will have a delicious time drawing and coloring several desserts. Add colorful sprinkles or your own creative details to create your own personal sweet sensations!
